February, 2007

Arcuri is far more than a home-builder, they are community builders. Arcuri has been a friend of KCCF for the better part of a decade now and they are always there for us. They attend our fundraising events. They're out in the community, advocating on our behalf, bringing others on board to help. And they've been a presenting sponsor at the Don, Joanne & the Coach golf tournament since 2000. Their contribution to this event helps make summer camp possible for hundreds of Alberta children with cancer. The kids need them, we need them, the community needs builders like the Arcuris and they are always there to pitch in."

Sincerely yours,

Christine Wandzura, M.S.M.
Chief Executive Officer
